```
Input array:
============
id+id*id
============

Grammar:
============
E->E+T
E->T
T->T*F
T->F
F->(E)
F->id
============

Output trace table:
===================
                 input          action    action  value   length  temp
goto      goto   stack
Stack            tokens         lookup    value   of LHS  of RHS  stack
lookup    value  action      parse tree stack
